

# Crystal Water

## Cartridge Filter

The Crystal Water Cartridge Filter should be at the top of the list when considering swimming pool and spa filtration. Four cartridge elements make for longer cleaning cycles, which helps the Crystal Water Cartridge Filter to be the fastest growing choice for pool professionals. For the clearest, most inviting water, choose the Waterway Crystal Water Cartridge Filter.

### Crystal Water Features Include:

- 2 ½" Internal piping (largest in the industry) minimizes restrictions and improves water flow
- Four-cartridge design simplifies element removal and extends time between cleaning cycles
- State-of-the-art internal design provides greater and more efficient filtration
- Chemical resistant fiberglass reinforced polypropylene tank for exceptional strength and long life
- Easy-out filter grid pack makes servicing easy
- "Multi-Handle" lid design makes removing the lid easier and safer
- Heavy-duty tamper-proof clamp with removal tool
- 10-year warranty on filter body (see warranty for details)

**A.** Our four-cartridge design and 2 1/2" internal piping maximizes flow, efficiency and lengthens the time between cleaning cycles. **B.** The Crystal Water Filter's "Multi-Handle" lid design makes servicing easy! Clean-out is faster too! **C.** Our 2 1/2" slide backwash valve is Hi-Temp PVC. **D.** Our heavy-duty metal clamp is tamper-proof, and a special tool is included to aid in its safe and easy removal. **E.** The "Start-Service Dial" tracks filter pressure so you know when service is necessary. **F.** The Waterway Multi-Port Valve uses 90° sweeps and 2 1/2" plumbing for better flow and less restriction.

## Plumbing Choices:

The Crystal Water Filters' 2 1/2" internals and 2 1/2" slide backwash valve may be reduced for 2" or 1 1/2" piping. The filter will still run more efficiently and quieter than a 2" filter because of less restriction.

The Crystal Water filter tank is molded thermoplastic and has a ten-year warranty.

## Performance Data

Part Number	Size	Flow*	6-Hour	8-Hour
<b>570-0325-07</b>	325 sq. ft.	120 GPM	43,200	57,600
<b>570-0425-07</b>	425 sq. ft.**	150 GPM	54,000	72,000
<b>570-0525-07</b>	525 sq. ft.**	150 GPM	54,000	72,000

**600-1500** 2 1/2" CPVC (Hi-Temp) Slide Backwash Valve (includes two 2" reducers)
