

Renegade **Venturi** In-Ground Skimmer

The Renegade
Venturi-Action Skimmer
from Waterway carries
the latest in high-tech
features and
energy-saving design to
make this the ultimate
pool skimmer!

Venturi-Action allows for
twice the cleaning
power over standard
skimmers because it
**literally doubles the
skimming action!** It's
perfect for in-floor
cleaning systems.

*The Ultimate
Skimming Action*

Waterway™

waterway@waterwayplastics.com • www.waterwayplastics.com

Features:

- With venturi-action, this skimmer doubles the cleaning power without increasing energy costs
- Massive 9" deep basket (twice the size of standard skimmer baskets) can hold 289 cubic inches of debris
- Basket and vacuum plate lock into place instead of floating up when the pump is off
- Weir door is spring-loaded for easy removal - no screws
- NSF approved for 75 GPM - highest in the industry

The Renegade Venturi-Action Skimmer

How It Works

An ordinary skimmer pulls water from the pool by way of the pump that pushes the water through the filter and back into the pool.

The Waterway Renegade pulls as much water as the pump, doubling the skimming action without increasing energy costs.

The basket for the Venturi-Action Skimmer is 9" deep, making our basket the largest in the industry for extra leaf and debris holding capacity.
