CHECK VALVES

Waterway Check Valves have a clear lid with union lock ring and a bright blue seal flapper for quick access and easy inspection. The spring/swing design can be used for both return and intake water. CPVC Hi-Temp plastic bodies features deeper sockets for better glue joints, and are available in a straight body or 90° style.

FEATURES:

- Seal flapper is made of hi-tech thermoplastic polymer
- Corrosion proof pin and stainless steel spring
- Reversible flow
- CPVC body for most demanding applications
- Union Lock Ring for easy access - no screw holes to strip out (600-70xx models)
- Low Back Pressure and High Flow: Perfect for demanding applications
