

Renegade **Venturi**

In-Ground Skimmer

The Renegade **Venturi-Action Skimmer** from Waterway carries the latest in high-tech features and energy-saving design to make this the ultimate pool skimmer!

Venturi-Action allows for twice the cleaning power over standard skimmers because it literally doubles the skimming action! Perfect for in-floor cleaning systems... it's the best skimmer available for low flow variable speed or 2-speed pumps.

Features:

- With venturi-action, this skimmer doubles the cleaning power without increasing energy costs
- Massive 9" deep basket (twice the size of standard skimmer baskets) can hold 289 cubic inches of debris
- Basket and vacuum plate lock into place instead of floating up when the pump is off
- Weir door is spring-loaded for easy removal - no screws
- NSF approved for 75 GPM - highest in the industry

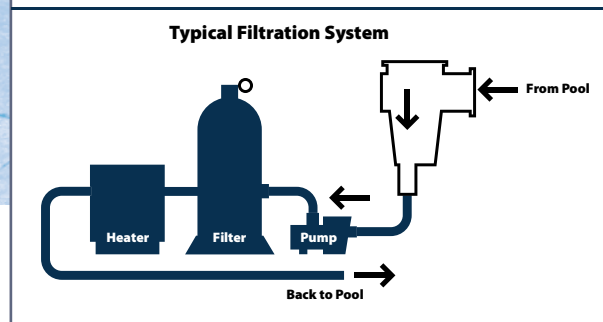

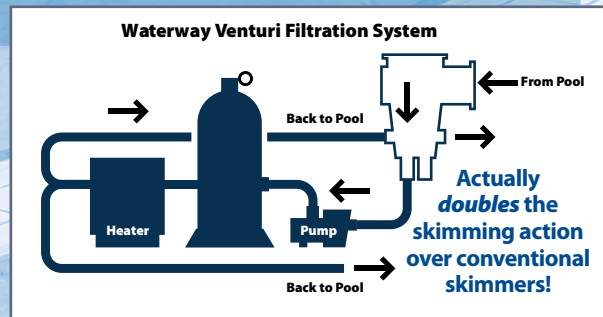

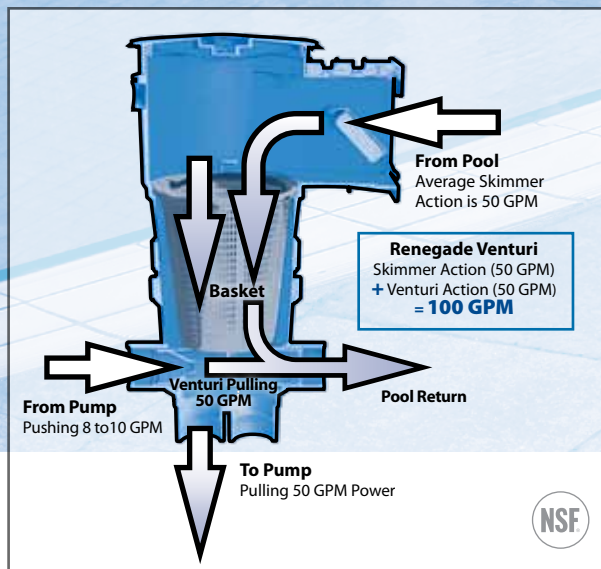

The Renegade Venturi-Action Skimmer

How It Works

An ordinary skimmer pulls water from the pool by way of the pump that pushes the water through the filter and back into the pool.

The Waterway Renegade pulls as much water as the pump, doubling the skimming action without increasing energy costs.

The basket for the Venturi-Action Skimmer is 9" deep, making our basket the largest in the industry for extra leaf and debris holding capacity.
